

How To Give Online

Our online giving service is called "E-Giving". E-giving is designed to enable you to contribute online and transfer funds electronically. This method of giving will provide the same confidentiality that you are accustomed to getting plus the convenience that online services offer. We understand this method of giving may not be for everyone and our regular offering baskets will remain part of our regular worship services. If you would like to participate in E-Giving, please use this page for both instructions and to access the secure online service.

You will need to have cookies and scripts enabled on your browser. Refer to your browser help documents for more information about these features.
